"When you came back with your proposal of what my business was worth I couldn't believe it. Your firm then went out and got us a very qualified buyer at the price you said we should get."

*Robert H. Willis, President
C.S. Willis & Sons, Inc.
Lemoyne, PA*

"Thank you for all of your hard work and negotiation skills to bring this sale to a close. But what we are really thankful for is your pleasant manner and professionalism throughout the whole process from day 1 to finish. It was especially nice of you to drive up to Vermont for the closing making sure it went smoothly. We wish you and your family the best and perhaps we'll see you in the islands!"

About Our Firm

CK Business Consultants, Inc.

has been dealing exclusively in the sale and acquisition of businesses since 1976. Our area of emphasis is selling middle market petroleum and propane related companies with sales volumes up to \$1.0 billion. We are qualified, experienced, and highly professional intermediaries working with both buyers and sellers in the successful transfer of business ownership. We handle all phases of the project including initial analysis, valuations, developing a confidential information memorandum (CIM), locating qualified buyers, negotiations, and execution of the transaction.

Today, **CK Business Consultants, Inc.** continues to build upon its reputation as The Business Transaction Specialists in the Petroleum and Propane Industries.
